

Are you looking for a concierge for your hotel financial data?

Usually, you are the one who reads every wish from the guest's eyes. Switch sides and enjoy the unique all-round service of PKF HoST!

Solutions from the market leader

By supporting accounting and management consultancy, PKF has been making hotels happy domestically and abroad for over 90 years. We have extensive knowledge of the industry and can also help you to elevate your business processes to a 5-star level.

„All-in-one“ solution: PKF HoST

With our specially developed Corporate Performance Management (CPM) tool, all decision-relevant information is combined. We collect your data from all possible sources and bring it into your President Suite - like a concierge. From there, you have a clear view of your financial situation and do not sink into data chaos.

Our wellness program

- Customized hotel reporting
- Centralization of your data for more clarity
- Operational and liquidity planning
- Automation of hotel group consolidation and consolidated financial statements
- Industry-specific key figure analysis
- Scenario and deviation analysis
- Based on the powerful and proven financial software from LucaNet
